Our color charts represent the average color, which varies in tone due to the hand-making process. Distressing on the color samples will not be the same as the product due to its overall size. If you choose a finish, remember that variation is inherent in wood, and actual finishes will differ from what you see on our color charts. As we continually seek to improve materials and production methods, Brazil Baroque, Inc. reserves the right to change specifications and add or remove offerings or designs without notice.
