BRAZIL BAROQUE TO INTRODUCE 5 NEW ITEMS AT PRESTIGIOUS LAS VEGAS SHOW JULY 24-28

Brazil Baroque is the leading US importer of handcrafted furnishings from recycled antique Brazilian hardwoods. Each piece reflects the quality and exquisite craftsmanship that Brazil Baroque has become known for. The company's founder and designer, Andrea Fonseca says, "The furniture has to be beautiful, provocative and meaningful. To keep to this high level of standard, we are constantly utilizing new processes and technologies."

As an exhibitor at the prestigious World Market Center in Las Vegas (NV) July 24 – 28, the company will be introducing some exciting new items as well as showcasing some of their most popular bestselling pieces.

Five new items to be featured at the show:

From the Rosewood collection, a European style table (100" wide) complete with 2 small (14" wide) serving tables that can be used for larger table settings or as side tables when not in use.

From the Baroque Collection comes the Marine Console Table, a newly commissioned piece, hand carved by Ze Maria. With lines reflective of the ocean influence and lifestyle of a coastal community, it is available in 2 wood colors and features a lower ornament shelf.

In keeping with its well known chair collections, the elaborately carved Baroque Chair was inspired by the signature Baroque headboard, and is available in 3 finishes: Dark Brown, Antique White and Black Gold.

The 17th century Portuguese style Imperial Chair is being offered for the first time ever with hand painted as well as hand tooled leather.

The Columnar Table Lamps, reminiscent of the Neoclassical period, stand 24” tall and are available in 3 different finishes: Spicy Red, Black Gold and Olive.
